

Standard Bank

STANDARD BANK GROUP
DEFINITIONS,
ACRONYMS AND
ABBREVIATIONS

for the six months ended 30 June 2023

DEFINITIONS

Term	Definition
2025 Ambition	Standard Bank's 2025 Ambition of transforming to a platform organisation from its current state as a trusted financial services provider across sub-Saharan Africa.
A2X markets	A2X is a multilateral trading facility styled stock exchange that was awarded a license to operate an exchange by the Financial Services Board, now Financial Sector Conduct Authority (FSCA) on 6 April 2017.
Agribusiness	A term used to describe the sector that encompasses all economic activities that are related to farming.
Available financial resources	The amount of permanent capital that is available to the group to absorb potential losses.
Analysis of Surplus	A methodology for identifying and quantifying the various sources of IFRS income of a life insurance company.
Basic earnings per ordinary share	Earnings attributable to ordinary shareholders divided by the weighted average number of ordinary shares in issue.
Beyond	Non-financial services with the following focus areas: Education; Home (which complements our home loans business); Trade, e-Commerce and Marketplace; Agriculture and Trader; Telecommunication, FinTechs and Cloud; Health; Global citizen, entertainment and lifestyle.
Black	People who fall within the ambit of the definition of black people in the relevant legislation as determined by court ruling.
Black Economic Empowerment (BEE)	Socioeconomic term concerning formalised initiatives and programmes to enable historically disadvantaged black individuals and groups to participate gainfully and equitably in the mainstream economy.
Board mandate	Standards of conduct for the Company, set by the Board, in supervising the conduct of the business.
Capital adequacy ratio	Capital as a percentage of risk-weighted assets.
Claims loss ratio	A measure of underwriting risk for short-term insurance which is measured as a ratio of claims incurred divided by premiums earned.
Common equity tier I (CET I) capital adequacy ratio	CET I regulatory capital, including unappropriated profits, as a percentage of total risk-weighted assets.
Common equity tier 1 capital adequacy ratio (fully loaded) (%)	Common equity tier 1 regulatory capital, including unappropriated profit, as a percentage of total risk-weighted assets, before the adjustment for the SARB three-year phase-in provision.
Common equity tier 1 capital adequacy ratio (phase-in) (%)	Common equity tier 1 regulatory capital, including unappropriated profit, as a percentage of total risk-weighted assets, after the adjustment for the SARB three-year phase-in provision.
Constant currency	Comparative financial results adjusted for the difference between the current and prior periods cumulative average exchange rates.
Consumer price index (CPI)	A South African index of prices used to measure the change in the cost of basic goods and services.
Cost-to-income ratio	Operating expenses as a percentage of total income after revenue sharing agreements with group companies but before credit impairments.
Covid-19	Covid-19 is the acronym for the full name coronavirus disease of 2019. Formerly, this disease was referred to as '2019 novel coronavirus' or '2019-nCoV.' The COVID-19 virus is a virus linked to the same family of viruses as Severe Acute Respiratory Syndrome (SARS) and some types of common cold.
Credit enhancement provider	The group provides credit enhancements to the SE's which include financial guarantees and loans that are subordinated in favour of third-party investors.
Credit loss ratio	Total impairment charges on loans and advances per the income statement as a percentage of average daily and monthly gross loans and advances.
Deferred acquisition costs (DAC)	The direct and indirect costs incurred during the financial period arising from the writing or renewing of investment contracts without discretionary participation features (DPF), which are deferred to the extent that these costs are recoverable out of future premiums.
Deferred revenue liability (DRL)	Initial and other front-end fees received for the rendering of future investment management services relating to investment contracts without DPF, which are deferred and recognised as revenue when the related services are rendered.
Diluted earnings per ordinary share	Earnings attributable to ordinary shareholders divided by the weighted average number of shares, adjusted for potential dilutive ordinary shares resulting from share-based payments and related hedges.

DEFINITIONS

Term	Definition
Discretionary participation features (DPF)	An option provided to the holder of a contract to convert the maturity proceeds into an annuity at a predefined minimum rate.
Dividend cover	Headline earnings per share divided by dividend per share.
Dividend payout ratio	Dividend per share divided by headline earnings per share.
Dividend per share	Total dividends to ordinary shareholders in respect of the year. The dividend is calculated using the cash component of any distribution where an election to receive scrip was available.
Dividend yield	Dividend per share as a percentage of the closing share price.
Earnings per share (EPS)	Earnings attributable to ordinary shareholders divided by the weighted average number of ordinary shares in issue.
Earnings yield	Headline earnings as a percentage of the closing share price.
Economic capital coverage ratio	Available financial resources divided by minimum economic capital requirements.
Effective direct taxation rate	Direct taxation as a percentage of net income before direct taxation.
Effective total taxation rate/ effective tax rate	Direct and indirect taxation as a percentage of net income before taxation.
Empowerment Financing	The provision of finance for, or investment in, broad-based black economic empowerment (B-BBEE) transactions and companies.
Expected credit loss (ECL)	The weighted average of credit losses with the respective risks of a default occurring as the weights.
Exposure at default (EAD)	Counterparty's expected exposure to the group at the time a default occurs.
Financial soundness valuation (FSV)	The valuation methodology used to value insurance contracts and investment contracts with DPF as described in Professional Guidance Note (PGN) 104 issued by the Actuarial Society of South Africa.
Future Ready Transformation	Standard Bank has made significant structural changes to better serve clients, and is primarily organised into three client segments: Consumer and High Net Worth clients; Business and Commercial clients; and Corporate and Investment banking clients. Each of the three Client Segments is equally supported by its Client Solutions, Engineering, and Innovation capabilities.
Gap market	Households earning more than R3 501 but less than R22 000.
Going concern	A business that is assumed will meet its financial obligations when they fall due. It functions without the threat of liquidation for the foreseeable future, which is usually regarded as at least the next 12 months or the specified accounting period.
Gross stage 3 impairment coverage ratio	Balance sheet impairments for stage 3 loans as a percentage of stage 3 loans.
Headline earnings	Determined, in terms of the circular issued by the South Africa Institute of Chartered Accountants at the request of the JSE, by excluding from reported earnings-specific separately identifiable re-measurements net of related tax and non-controlling interests.
Headline earnings per ordinary share (HEPS)	Headline earnings divided by the weighted average number of ordinary shares in issue.
Hybrid work model	A location-flexible arrangement, allowing employees to combine onsite and offsite work as they and their employers see fit.
Incurred but not reported (IBNR)	Claims expected to be made by policyholders in respect of events that have already occurred at the insurer's reporting date, but which at that date have not yet been reported to the insurer.
Indirect taxes	Taxes incurred by the group which comprises of VAT, custom and excise duties, consumption tax, securities transfer tax and stamp duty that arise during the course of business which cannot be recovered from government. In respect of VAT, is mainly as a result of banking activities often being classified as an exempt supply which results in irrecoverable input VAT or input VAT subject to an appointment of recovery ratio. Indirect taxes collected by the group comprise net amounts paid to government on its' suppliers.
In-force	An insurance policy is in-force from its start date until the date it is derecognised. In-force business refers to policies which are active, i.e. where the benefits are still payable or potentially payable to the policyholder at some future date.

Term	Definition
Investor	In order to fund the purchase of the assets, the SE issue funding notes and commercial paper to investors, which includes the group.
JAWs	Measure of the extent to which total income growth rate exceeds the operating expense growth rate.
Liquidity	Liquidity refers to the ease with which an asset, or security, can be converted into ready cash without affecting its market price.
Loans-to-deposits ratio	Net loans and advances as a percentage of deposit and current accounts.
Liquidity coverage ratio	The proportion of highly liquid assets held by financial institutions, to ensure their ongoing ability to meet short-term obligations.
Liquidity provider	The commercial paper issued by BTC has a shorter maturity than the assets it holds. The group provides liquidity stand-by facilities to BTC to enable BTC to settle the commercial paper as it becomes due in the event that BTC is unable to refinance the paper through the maturity of its assets.
Loss given default (LGD)	Amount of a counterparty's obligation to the group that is not expected to be recovered after default and is expressed as a percentage of the EAD.
Moby Banker	Remote on-boarding, digital and paperless channel fulfilment.
Money Laundering	The illegal process of making large amounts of money generated by a criminal activity, such as drug trafficking or terrorist funding, appear to have come from a legitimate source.
Monte Carlo simulation	Monte Carlo simulation is a model used to determine the probability of different outcomes using a broad class of computational mathematical techniques that rely on repeated random sampling.
Negative rand	Negative rand reserves are negative liabilities (within long-term policyholder liabilities) and policyholder assets arising when the discounted value of expected future inflows exceeds the discounted value of expected future outflows.
Net asset value	Equity attributable to ordinary shareholders.
Net asset value per share	Net asset value divided by the number of ordinary shares in issue at year end.
Net interest margin	Net interest income as a percentage of daily and monthly average total assets, excluding derivative assets.
Non-interest earning assets	Includes total trading book assets and rate-insensitive banking book assets, such as cash and cash equivalents, fixed assets, goodwill and other intangible assets, investment property, current and deferred tax assets, and other assets. Cash balances with central banks are specifically excluded as they are utilised to meet liquidity requirements and are reflected as part of the interest-earning assets to reflect the cost of liquidity. Derivative assets are also excluded.
Non-interest revenue to total income	Non-interest revenue as a percentage of total income.
Notional amount	The contract/notional amount is the sum of the absolute value of all bought and sold contracts. The notional amounts have been translated at the closing rate at the reporting date where cash flows are payable and receivable in foreign currency. The amount cannot be used to assess the market risk associated with the position and should be used as a means of assessing the group's and companies' participation in derivative contracts.
Originator	The group originates term assets and sells these to the SEs.
Probability of default (PD)	Probability of a counterparty not making full and timely repayment of credit obligations over a specific time horizon.
Profit attributable to ordinary shareholders	Profit for the period after distributions to non-controlling interests and other equity instrument holders.
Profit for the year	Income statement profit attributable to ordinary shareholders, non-controlling interests and preference shareholders for the year.
Reinsurance	Insurance or investment risk that is ceded to another insurer in return for premiums. The ultimate obligation to the policyholder remains with the entity who issued the original insurance contract.
Residual risk	The amount of risk or danger associated with an action or event remaining after natural or inherent risks have been reduced by risk controls.
Return on equity (ROE)	Headline earnings as a percentage of monthly average ordinary shareholders' funds.

DEFINITIONS

Term	Definition
Return on average risk-weighted assets	Headline earnings as a percentage of monthly average risk-weighted assets.
Risk appetite	An expression of the maximum level of residual risk that the group is prepared to accept in order to deliver its business objectives.
Risk-weighted assets	Determined by applying prescribed risk weightings to on- and off-balance sheet exposures according to the relative credit risk of the counterparty.
Scorecard	Explaining customer creditworthiness.
Servicer	The group provides administrative services to the securitisation vehicle.
Shares in issue	Number of ordinary shares in issue as listed on the exchange operated by the JSE.
Slyde Pay	Digital cards wallet container.
Stage 1	A 12-month ECL is calculated for financial assets which are neither credit-impaired on origination nor for which there has been a SICR.
Stage 2	A lifetime ECL allowance is calculated for financial assets that are assessed to have displayed a SICR since origination and are not considered low credit risk.
Stage 1 and 2 loans credit impairments	Impairment for latent losses inherent in groups of loans and advances that have not yet been classified as non-performing.
Stage 3 (credit impaired assets)	A lifetime ECL is calculated for financial assets that are assessed to be credit impaired. The following criteria are used in determining whether the financial asset is impaired: <ul style="list-style-type: none"> • default • significant financial difficulty of borrower and/or modification • probability of bankruptcy or financial reorganisation • disappearance of an active market due to financial difficulties.
Stage 3 credit impairments	Impairment for loans and advances that have been classified as Stage 3, net of the present value of estimated recoveries.
Stage 3 gross impairment coverage	Balance sheet impairments for Stage 3 loans as a percentage of Stage 3 loans.
Structured entity (SE)	An entity created to accomplish a narrow and well-defined objective.
Swap counterparty	In order to align the cash flows between the underlying securitised assets and the issued loan notes and commercial paper, the SE's may enter into interest rate swap agreements with counterparties which include the group.
Tangible net asset value	Equity attributable to ordinary shareholders, excluding goodwill and other intangible assets.
Tangible net asset value per share	Tangible net asset value divided by the number of ordinary shares in issue at the end of the period.
Terrorist Financing	The provision of funds or providing financial support to individual terrorists or non-state actors.
Tier I capital adequacy ratio	Tier I regulatory capital, including unappropriated profit, as a percentage of total risk-weighted assets.
Total capital adequacy ratio	Total regulatory capital, including unappropriated profit, as a percentage of total risk-weighted assets.
Total capital adequacy ratio (fully loaded) (%)	Total regulatory capital, including unappropriated profit, as a percentage of total risk-weighted assets, before the adjustment for the SARB three-year phase-in provision.
Total capital adequacy ratio (phase-in) (%)	Total regulatory capital, including unappropriated profit, as a percentage of total risk-weighted assets, after the adjustment for the SARB three-year phase-in provision.
Tutuwa	The Tutuwa initiative is the group's Black Economic Empowerment ownership initiative entered into in terms of the Financial Sector Charter.
Weighted average number of shares	The weighted average number of ordinary shares in issue during the year as listed on the JSE.
Withholdings taxes	Withholding taxes incurred by the group comprise tax withheld on specific receipts on income as governed by the laws of each country, such as dividends, interest, management fees, service and rentals. Withholding taxes collected by the group comprise excise taxes on money transfers, stamp duty and consumption tax withheld on behalf of the revenue authorities on specified payments to suppliers and clients as governed by the laws of each country.

DISCLAIMER

This document contains certain statements that are "forward-looking" with respect to certain of the group's plans, goals and expectations relating to its future performance, results, strategies and objectives. Words such as "may", "could", "will", "expect", "intend", "estimate", "anticipate", "aim", "outlook", "believe", "plan", "seek", "predict" or similar expressions typically identify forward-looking statements. These forward-looking statements are not statements of fact or guarantees of future performance, results, strategies and objectives, and by their nature involve risk and uncertainty because they relate to future events and circumstances which are difficult to predict and are beyond the group's control, including but not limited to, domestic and global economic business conditions, market-related risks such as fluctuations in interest rates and exchange rates, the policies and actions of regulatory authorities (including changes related to capital and solvency requirements), the impact of competition, inflation, deflation, the timing impact and other uncertainties of future acquisitions or combinations within relevant industries, as well as the impact of changes in domestic and global legislation and regulations in the jurisdictions in which the group and its affiliates operate. The group's actual future performance, results, strategies and objectives may differ materially from the plans, goals and expectations expressed or implied in the forward-looking statements. The group makes no representations or warranty, express or implied, that these forward-looking statements will be achieved, and undue reliance should not be placed on such statements. The forward-looking statements in this document are not reviewed and reported on by the group's external assurance providers. The group undertakes no obligation to update the historical information or forward-looking statements in this document and does not assume responsibility for any loss or damage arising as a result of the reliance by any party thereon.
